CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.
- (b) If the option to re-test is given, the Purchaser may require the following Tests—
 - (i) Single Intradermal Comparative Test for Tuberculosis;
 - (ii) Agglutination Test for Contagious Abortion; and
 - (iii) Complement Fixation Test for Johne's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.

- (c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.
- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in

- an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).
- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
 - (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
 - (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
 - (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph)

less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee is extended by sixty days where a bull from a Non-Accredited Herd is sold to go to Accredited Premises.

9. Brucellosis (Accredited Herds) Scheme

All animals exposed for sale, except those in the Brucellosis Accredited Section, irrespective of age and vaccinal status must have passed a blood test (S.A.T.) for Brucellosis at an approved Laboratory, at less than 30 I.U. (+ + + + 1/10) of antibody within 14 days of the first day of the Sale. (A certificate to this effect must be made available to the Market Authority at the time of the entry to the Sale.)

Movement of cattle to the Accredited Section will be by permit (BES 13) obtained from the appropriate Divisional Veterinary Officer.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of The Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of five pence per guinea, also a Levy of three pence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.
- (c) The Auctioneers shall be entitled to charge against the owner one per cent. on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
- (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.

16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

Unlicensed Bulls of the prescribed age exposed for Sale at Auction Marts

Attention has been drawn by the Secretary of State to the increasing number of unlicensed Bulls exposed for sale throughout Scotland.

In terms of the Improvement of Livestock (Licensing of Bulls) Act, 1931, the prescribed age at which all bulls must be licensed is **10 months**, and applications must be submitted to The Department of Agriculture for Scotland, St. Andrew's House, Edinburgh, 1, not later than 28 days before the animals attain the prescribed age. There are no grounds for the belief that applications for licences do not require to be made until the animals are used for service.

All Bulls (10 months and over) exposed for sale must, therefore, be accompanied by the Licence issued by The Department of Agriculture for Scotland.

**All Reserve Prices to be handed to the Clerk of Sale before Nine
o'clock on Morning of Sale Day.**

REFERENCE TO SIRES

ARBENNIE

ARBENNIE HORNBEAM (25051), roan, calved 17th December, 1963—sire, Bapton Crocus Robin (22174); dam, (88341) Naemoor Flossy Dingle by Calrossie Defiance (391667).

Ardennie Hornbeam was 1st in his class at Perth in 1965 and was purchased for 1600 guineas for the Coldoch Herd. The top sires in his pedigree were the same as Ardennie Horoscope, purchased the same year by Señor Carlos Duggan for 8000 guineas. He was a bull with plenty of size and great bone.

ARBENNIE KEYSTONE (27377)—sire, Bapton Crocus Robin (22174); dam, (91620) Pittodrie Rhode Blossom by Beaufort Captive (6063).

Ardennie Keystone was purchased by Dungarhill at Perth in February, 1966, for 1500 guineas after being judged junior and reserve supreme champion. His first crop of calves were sold at Perth in February, 1969, and proved very successful, and at Perth in October, 1969, he sired the champion heifer, Dungarhill Jealous Aconite. At Perth in February, 1970, he sired the 1st prize two-year-old bull, Dungarhill Kismet, who became the reserve male champion at the Royal Highland Show in June, 1970, also Dungarhill Souvenir, winner of the Casares Cup at the same show: in addition, he sired all the winning groups. Ardennie Keystone was also the sire of Dungarhill Bright Dazzle, supreme champion at both the Great Yorkshire and Perth Shows during the summer of 1970; and also of Dungarhill Belinda Broadhooks, champion heifer at Perth in October of the same year. At the Royal Highland Show in 1971, he again sired the "Casares Cup" winner, Dungarhill Arctic Bandit, thus making a hat-trick for this particular Trophy in three consecutive years.

ARBENNIE MINSTREL (29253), dark roan, calved 4th May, 1967—sire, Bapton Crocus Robin; dam, Calrossie Broadhooks Bride.

Ardennie Minstrel was purchased in Perth in February, 1969, for 1400 guineas, the top price of the Sale. This is his first crop of calves.

BEAUFORT

BEAUFORT COMMODORE (396125) was junior champion at the Royal Highland Show in 1954, then supreme champion in 1956, and he sold for 5900 guineas. His progeny have gone as far afield as Australia, where his grandsons are now heading some of the leading herds, amongst them being the 1966 Royal Sydney Show champion.

CALROSSIE

CALROSSIE PHANTOM (29363), white—sire, Gotwick Ragusa; dam, Glaslulich Roselle by Calrossie Welcome.

Calrossie Phantom, white, had the heaviest 400-day weight of the breed in his year, and was used extensively on both Shorthorns and commercial cattle for three seasons. His first crop of bulls at Perth in February, 1971, won the

CALROSSIE—Continued

reserve for the group of three by same sire, selling up to 700 guineas to Mr. N. C. Williams, New Zealand. His first batch of commercial steer calves averaged £84.50 for 12 at Dingwall in October, 1971, at a year old. His dam continued breeding up to 17 years old, her sons including Calrossie Freebooter, a big, 6000-guineas Perth senior champion.

CALROSSIE POWER-DRIVE (19972), red, calved 20th March, 1960—sire, Banchory Orangeman (8074); dam, (11310) Calrossie Flossy Frances by Calrossie Claymore (396198).

Calrossie Power-Drive was bought at Perth for 2000 guineas in 1961 for the Coldoch Herd, and the next year, his full brother, Calrossie Pre-Eminent, was purchased by Mr. Alan Grant for 3000 guineas as a stock bull for the Thorn Herd. He is a bull of great quality and of a beautiful, deep red colour, while his dam is generally acknowledged as one of the best cows at Calrossie, with lovely character and good lines. His grandam, Calrossie Flossy Flora, is a full sister to Calrossie Wildfire, who was used in the Coldoch Herd for three seasons and then was sold to Señor Enrique Santamarina in Argentina. At the 1962 Palermo Show, he sired the reserve two-year-old champion, who was sold for the breed record price of approximately 9000 guineas. To date, the following sons have been purchased as stock bulls:—Coldoch Wellington, to Señor Mathet, Argentina; Coldoch Telstar, to Señor Lafuente, Argentina; Coldoch Wyndburgh, jointly to the Montrave and Balmullo Herds; Coldoch Premonition and Coldoch Politician, to Calrossie; Coldoch Festival, to Capt. Hampshire, M.V.O., Rhodesia; Coldoch Lochinvar, to Señor A. Clement, Argentina; and Coldoch Yesteryear, to The Hon. Mrs. Dewhurst, Ardbennie.

CALROSSIE ROAN CHARGER (P) (536), roan—sire, Calrossie Credit Squeeze (P); dam, Calrossie Hinnny Broadhooks (P) by Armagh Eight-some Reel (P).

Calrossie Roan Charger (P), roan, was poll Shorthorn champion at Perth in February, 1971, selling for 620 guineas to Aucheneck Estates, Stirling. Before being sold he was used for two seasons at Calrossie on both the poll Shorthorns and the commercial herd, as he was considered very much the right type of bull for the present day, with size and strength. An excellent son of his, at present about 8 months old, is being retained as future poll stock bull. Some useful Australian breeding is on both the sire's and dam's side of this bull's pedigree.

CALROSSIE TREASURE TROVE (27527) was 1st reserve senior and reserve supreme champion, also one of the best pair of bulls, at Perth in 1967. He was purchased for 620 guineas for Kair, Burnton and Morphie. He is a half-brother to Calrossie Power-Drive (2000 guineas), Calrossie Pre-Eminent (3100 guineas), Calrossie Telstar (3400 guineas), and is a full brother to the Perth reserve junior champion, Calrossie Headway.

CRICHTON

CRICHTON BLANCO (13944) was purchased at Perth in 1958 for 1350 guineas and has proved a most successful sire, his progeny being very mellow fleshed, full of breed character, well grown, allied to tremendous bone and substance. Amongst numerous others he sired Dron Zodiac, senior champion at Perth in 1964, selling for 1800 guineas; Dron Dorothy Yasmin, who twice won her class at the Royal Highland Show at Edinburgh in 1962 and 1963, and was 1st at the R.A.S.E. Show at Newcastle in 1962, and female and supreme champion at the Perthshire Agricultural Show in 1963; Dron

CRICHTON—Continued

Princess Xtra, 1st and female champion at the Royal Highland Show and 1st and female champion at the Perthshire Agricultural Show, in 1968; also the sire of Dron Princess Xandra, dam of Dron Avalanche, who was supreme champion in 1966, selling for 4600 guineas.

DENEND

DENEND BALLYMOSS (28379) was champion at Kinross and Alyth Shows, also 2nd in his class at the Royal Highland Show and at Perth in 1968. He has a striking resemblance to his sire, the noted Denend Ragusa, supreme champion at Perth in 1965, and sold for 10,000 guineas, a bull that weighed 15 cwt. at 18 months old, which gave him a live weight gain of over 3.3 lb. per day.

DENEND GLENDROSSAN (26168), dark roan, calved 1st March, 1964—sire, Denend Glen Lake; dam, Bapton Augusta Christine by Bapton Brave Robin.

Denend Glendrossan was champion Shorthorn at the Royal Highland Show in 1968. He is the sire of Chapelton Brigand, second-top priced bull at Perth in 1969, and now at A.I. Centre; of Chapelton Glen Fyne, stock bull for Mr. Donaldson, Louada, Canada; of Chapelton Glen Cree, stock bull for Messrs. Duggan, Sittyton, Argentina; of Woodhead Beacon, stock bull for Mr. Van Niekirk, South Africa; of Woodhead Caesar, stock bull for Mr. Gunningham, San Jorge, Argentina; and of Chapelton Firebrand, stock bull at Chapelton. Denend Glendrossan was a bull of great substance, and his sons are developing into the kind of bulls that are wanted to-day.

DENEND GOLDEN MILLER (28382)—sire, Denend Ragusa; dam, Denend Augusta by Beaufort Cup-Tie.

Denend Golden Miller, red, was bought for Woodhead at the 1967 Perth Sale for 2100 guineas. He has grown into a magnificent specimen of the breed and was reserve supreme champion at the Royal Highland Show in 1968. His first crop of calves were offered at Perth in February, 1970. All five won prize tickets and sold up to 1000 guineas, for an average of £520.

HILLDALE

HILLDALE COLLYNIE 100th (P) (54)—sire, Alauna Collynie, champion at 1946 Polled Congress at Chicago. Originally imported by Mr. Pentecost for £3000, for whom he bred Cropwell Monk, exported to New Zealand, where he made a great name for himself. Hilldale Collynie 100th was also used by Mr. Cecil Moores in the Bapton Herd.

KAIR

KAIR MARQUIS (26100)—sire, Beaufort Graduate.

Kair Marquis was withdrawn at the Perth Sales in 1966 at 2800 guineas. He was subsequently purchased privately at a substantial figure for use in the Dron Herd, where his gets, both male and female, are most promising. He was male champion at the 1970 Royal Highland Show at Edinburgh, and also male champion at the Perthshire Agricultural Society's Show at Perth in 1970.

LOUADA

CONSTRUCTOR (P) (137), red, calved 15th October, 1959, bred by Louada Farms, Ltd.—sire, Bapton Constructor (6414); dam, (X498233) **Queen of Hearts A.F. 3rd (P)** by Camson Better News (329171).

Constructor (P) was regarded by many as one of the best-headed Polled Shorthorn bulls in the breed. He was a bull with tremendous bone and substance and great hind legs. Of a beautiful, dark red colour, he was the only polled bull in the world by the great Bapton Constructor, and was from the same Thieman Queen of Hearts family as the great Bapton show cow, Queen of Hearts 18th (P). Camson Better News is by Calrossie Good News, who was 1st at Perth in 1949 and was reserve junior champion and a member of all the championship groups, and was later sold to the Saltoun Herd for 6000 guineas. Constructor (P) was never beaten by any Polled Shorthorn in Britain. During the show season of 1963 his winnings included male and supreme champion at the Royal Northern Show; male champion (in both the Horned and Polled competition) at Ellon; male and supreme champion at Turriff; and male and reserve supreme champion (in both the Horned and Polled competition) at Keith. In actual fact, he divided the two great Bapton cows, which were supreme champion and reserve supreme at the Royal Highland Show. He was used extensively on a lot of the old, horned, Bapton females, and over 75% of his calves out of these cows have been polled. In 1964, Constructor (P) won many prizes, including male champion at the R.A.S.E. Show—the first time this coveted award has been won by a Polled Shorthorn, and, along with Bapton Queen Janetta, represented the Beef Shorthorn in the Burke Trophy competition. In 1965, at the R.A.S.E. Show, a daughter of Constructor (P), Rona Blythesome of Bapton (P), won the female championship—the first time ever that a Polled Shorthorn has won this award, and she, along with Denend Glenlake, stood reserve in the Burke Trophy inter-breed competition. Constructor (P) weighed over one ton when going round the 1964 summer shows. He was sold to Major The Rt. Hon. R. H. Turton to head his Polled Shorthorn Herd at Upsall Castle. He finally died in September, 1969, leaving behind a grand bunch of daughters.

PENNAN

PENNAN FEARLESS (P) (371) has proved to be an outstanding breeder, leaving progeny of good size and extremely well fleshed. He is the sire of our present stock bull, Pennan King's Coronet, who was 1st in his class at the Royal Highland Show in 1971.

UPPERMILL

UPPERMILL FASCINATOR (27403), roan, calved 14th August, 1965—sire, Uppermill Ballot; dam, Flossy Lucille by Westdrums Pablo.

Uppermill Fascinator was purchased at Perth in 1967 for 1600 guineas for use in the Dungarhill and the Coldoch Herds. He is now the senior stock bull and used exclusively at the Coldoch. His sire, Uppermill Ballot, had an outstanding showyard career, being supreme champion at the Royal Highland Show in both 1966 and 1967. His dam, Flossy Lucille, is out of Calrossie Flossy Leone, from the famous Floss family that produced both Calrossie Wildfire and Calrossie Power-Drive, which were used with success at the Coldoch. He is the sire of Coldoch Cairngorm, now stock bull at Lawton.

UPPERMILL—Continued

UPPERMILL PAGAN (29290)—sire, Uppermill Bydand by Denend Ragusa; dam, Secret Priscilla by Uppermill Ballot.

Uppermill Pagan was purchased by Ardbennie at Perth in February, 1969, and sold back to Uppermill in February, 1971. He was champion at the R.A.S.E. Show in July, 1971, and can boast of a remarkable line of champions in his pedigree, shown as follows:—Uppermill Bydand, Perth champion in 1967; Denend Ragusa, Perth champion in 1965; and Uppermill Ballot, champion at both the Royal Highland and R.A.S.E. Shows in 1966 and 1967.

UPSALL

PRINCE ARTHUR OF UPSALL (P) (517)—sire, Royal Leader of Bapton; dam, Victoria Muriel of Bapton.

Royal Leader of Bapton was a bull of exceptional size. Victoria Muriel of Bapton was the dam of Paragon of Denend, exported to Miller Farms, Ontario, Canada. Prince Arthur of Upsall was 1969 supreme champion at the Ryedale Show, and male champion at the 1971 Malton Show. He has a son in Russia and a daughter in New Zealand. As a breeder, Prince Arthur of Upsall (P) has proved to be a 100% dehorner and a sire of calves with good colours and sound bone.

WESTDRUMS

LEANDER OF WESTDRUMS (P) (357)—sire, Camson Design; dam, Lavender Corona of Westdrums (P).

Camson Design was imported from Mr. Grant Campbell's famous herd in Canada. Lavender Corona of Westdrums is a great daughter of Uppermill Leopold, and is the dam of Lancer of Westdrums (P), sold to Mr. H. Glen Leary of South Africa, and comes from a family that has produced such great bulls as Captain Cook of Upsall (sold to New Zealand); Lord of Westdrums (P), a full brother to Lavender Corona of Westdrums; Constellation of Bapton (P) (sold to Canada); and Merry King of Bapton (P) (sold to New Zealand).

LORD OF WESTDRUMS (P) (177), roan—sire, Uppermill Leopold; dam, Lavender Coronita 24th.

Uppermill Leopold started a Leopold dynasty in many countries of the world with his sons. Lavender Coronita 24th was a massive, white cow, imported from Messrs. Thiemens of Missouri, U.S.A., to start the famous Westdrums Lavender line. Lord of Westdrums is a full brother to Lavender Corona of Westdrums (P), a famous breeding cow.
